Fax (618) 592-4299

August 19, 2020

Dear Parents and Community Members,

I write to inform our school community that an employee of the school district tested positive for COVID-19 after being excluded from a school building on Monday morning due to the inability to certify freedom from symptoms of the virus. We immediately notified the Crawford County Health Department and they evaluated the situation and determined that no other persons were in close contact with the individual who tested positive, and therefore no other persons are required to quarantine at this time. We will continue to work with our local health department and our school community to implement the strict and careful safety program to keep our students, staff and community safe as we work together during this challenging time.

Please continue to follow all reopening plan information on Facebook and at [www.oblongschools.net](http://www.oblongschools.net). We will have self-certification forms, videos, notifications, and information available to make the start of the school year as smooth as possible. We look forward to seeing all of our in-person students and connecting with our remote learners on Friday.

Sincerely,

Jeff Patchett  
Oblong CUSD #4
