August 20, 2020

High School Students,

Tomorrow is going to be a great day! The routine will be a little different but I want to let you know we are prepared to do whatever is necessary to make this a great year. When you arrive in the morning Mr. Slover and I will greet you and make sure you know where to go before entering the building. After arrival, Seniors will go to the football pavilion. Juniors will go to the football bleachers. Freshman will go the yard in front of the High School south of the main sidewalk leading to the Panther. Sophomores will go to the yard in front of the High School north of the sidewalk leading to the Panther.

We will enter the school building by the class you have scheduled for first hour. Mr. Slover and I will make announcements. Each student will pass through a temperature scanner and present your symptom free certification. You can find this certification on our website. We will have extra copies if you don't have a copy. Just before first hour begins we will have an orientation and handbook review via a zoom meeting that will be broadcast in each classroom.

Current students have heard me say this every year but make the most of your High School experience. It will go very fast so make the most of every day. Freshman, you only have 704 days of High School. Sophomores, you only have 528 days left. Juniors, you only have 352 days left. Seniors, you only have 176 days left. What gets counted gets done so make the most of everyday. We can't wait to see you tomorrow. Please remember to have your mask on when you enter the bus or building and observe social distancing to the greatest extent possible.

Sincerely,

Jeff Patchett
Oblong CUSD #4
